

New Oversized Permit Load Escort Transfer Facility Opens Feb. 21, 2008

The Maryland Transportation Authority's new escort transfer facility for oversized permit load trucks moving from Baltimore City to areas north will open February 21. Previously, escort transfer operations occurred on the shoulder of the I-95/I-895 interchange. The Authority has constructed a parking lot in the area of the I-95 Boston/O'Donnell Street exit (near the Baltimore Travel Plaza), which already is on the existing oversized permit load route, to create a safer and more secure environment for all parties involved.

Welcome!

- The new facility provides a lighted, off-highway environment for motor-carrier and police escort transfer activities.
- The new facility provides easy and direct access to north-bound I-95.
- The lot will be maintained by Baltimore City's Department of Transportation and Department of Public Works.
- All oversized permit vehicles on the lot must have a permit requirement for police escort.
